

# Communicating on Cue: ATC Communications - What to say, who to say it to, and when to say it.

How you "sound" on the radio can make a big difference in the service and support you get from ATC. Become a GREAT COMMUNICATOR. Learn the proper and effective way to communicate when flying. We'll go over not only the basics, but also some very "in" things to say on the radio that can set you apart as a more competent pilot. Airborne communications is not something to be feared and shunned; it is a capability that should, and CAN, be mastered by all pilots.

**Directions:** EAA Chapter 168 meets in the auditorium at the Farmers Branch Manske Library, at the corner of Webb Chapel Road and Golfing Green Drive. ([www.eaa168.org/](http://www.eaa168.org/))

## A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

## Event Details

**Tue, Nov 11, 2014 - 19:00 CST**  
**Farmers Branch Manske Library**  
13613 Webb Chapel Rd  
Dallas, TX 75234
